

NIDA SUBAŞI

Information Security Technology | Cybersecurity Professional

nidaasubasi@gmail.com | linkedin.com/in/nida-subaşı | github.com/NidaSu0 | Malatya, Turkey

PROFESSIONAL SUMMARY

Cybersecurity graduate (GPA 3.28/4.00) from Kapadokya University — Information Security Technology program, with comprehensive academic and hands-on training in network defense, secure software development, cryptography, and red team operations. Holder of CRTOM (Red Team Leaders), multiple BTK Akademi, and Cisco Networking Academy certifications. Proficient in Python, C#, and web technologies. Actively pursuing English and German language courses online to build professional communication skills for international environments. Combines strong analytical thinking, disciplined work habits, and a continuous learning mindset.

EDUCATION

Kapadokya University — Kapadokya Vocational School	Aug 2024 – Jun 2026
Associate Degree Information Security Technology (GPA: 3.28 / 4.00)	Nevşehir, Turkey

- Final Semester GPA (DNO): 3.62 — Highest academic performance across all semesters
- Capstone Project: 100/100 — Mobile Security & Penetration Techniques
- Key Coursework: Cyber Attack & Defense Methods I–II, Secure Software Development, Cryptography, Network Security, Information Systems Security Management I–II, Mobile Security & Penetration Techniques, Python Programming, AI Applications, NoSQL Applications

TECHNICAL SKILLS

Cybersecurity & Penetration Testing Red Team Operations (CRTOM), Kali Linux, Penetration Testing Methodology, Cyber Threat Intelligence	Network & System Security TCP/IP, Network Protocols, Advanced Network Security, Firewall, IDS/IPS, Linux OS
Programming Languages Python (Advanced), C# (Foundational), JavaScript (Foundational), PHP, SQL	Web & Database Technologies HTML, CSS, Web Scripting, PHP, SQL Databases, NoSQL Applications
Cryptography & Information Security Cryptography, Secure Software Development, Information Systems Security Management	Tools & Platforms Isolated Kali Linux Lab, Python Cybersecurity Tools, BTK Akademi, Cisco NetAcad, Udemy

LANGUAGE SKILLS

Turkish Native / Mother Tongue	English A2–B1 Actively improving through online course (Udemy – Serdar Hoca)
German Beginner–Elementary Actively improving through online course (Udemy – Alp Timuçin Koçak)	Both courses emphasize technical vocabulary and professional communication for IT and cybersecurity contexts.

PROJECTS

Security Vulnerability Scanner (CMD + GUI)	2025–2026
- Port scanning, ICMP/TCP ping, network host discovery; 50 parallel threads; Tkinter GUI + colored terminal version. Pure Python standard library, zero external dependencies. GitHub: github.com/NidaSu0/Guvenlik-Tarayici	
Password Security Analyzer	2025–2026
- Real-time password strength analysis, Shannon entropy, GPU brute-force time estimation, MD5/SHA-1/SHA-256/SHA-512 hash comparison, cryptographic password generator. Tkinter + JSON history log. GitHub: github.com/NidaSu0/sifre-analiz	
OptiStock — Inventory & CRM Management System	2025–2026

- Flet (Flutter-based) desktop application; product inventory tracking, customer management, sales processing, daily revenue bar chart, SQLite local database.
 - **GitHub:** github.com/NidaSu0/Optistock
- Capstone Project — Mobile Security & Penetration Techniques** | 2025–2026
- Achieved a perfect score of 100/100; covered mobile application vulnerabilities, penetration testing methodology, exploit development, and defensive strategies.
 - **GitHub:** github.com/NidaSu0
- Isolated Kali Linux Penetration Testing Lab** | 2025
- Built a fully isolated lab environment using network segmentation and secure virtualization; conducted vulnerability scanning, exploit development, and professional reporting workflows.
- Red Team Operation Simulation (CRTOM Certification)** | 2026
- Designed and executed realistic attack simulations and incident response plans as part of the CRTOM exam by Red Team Leaders.

CORE COMPETENCIES

• Analytical Thinking • Problem Solving • Critical Security Analysis	• Team Collaboration • Responsibility & Discipline • Time Management	• Rapid Learning • Adaptability to New Technologies • Crisis & Stress Management
--	--	--

CERTIFICATIONS & TRAINING

Certificate / Training	Issuer / Platform	Date
Certified Red Team Operations Management (CRTOM)	Red Team Leaders	Feb 2026
Python for Cybersecurity Applications	BTK Akademi	Jan 2026
Incident Response in Cybersecurity	BTK Akademi	Jan 2026
Introduction to Cybersecurity	BTK Akademi	Jan 2026
IT Essentials 7	Cisco NetAcad / Kapadokya Univ.	Jan 2026
Corporate Sustainability & Waste Management (2 hrs)	Kapadokya Univ. KSEM	Jan 2026
Python Essentials 1	Cisco NetAcad / Kapadokya Univ.	Jun 2026
JavaScript Essentials 1	Cisco NetAcad / Kapadokya Univ.	May 2026
Intro to AI & Generative AI Tools Awareness (6 hrs)	Kapadokya Univ. KSEM	Apr 2025
Resume Preparation & Interview Techniques	Kapadokya Univ. Career Office	May 2025
Note-Taking Techniques Training (1 hr)	Kapadokya Univ. KSEM	Nov 2025
Achievement Certificate – Discipline, Planning & Time Mgmt	Kopilot	Jun 2026
Cybersecurity & Information Security Training (In Progress)	Udemy – Burak Sürme	In Progress
English Training Set – Zero to Peak (16% complete)	Udemy – Serdar Hoca	In Progress
German Training Set – Zero to Expert	Udemy – Alp Timuçin Koçak	In Progress
Python 2026: 100-Day Programming Camp (3% complete)	Udemy – Atıl Samancıoğlu	In Progress
